ARTICLE 2

SCOPE

2.1 GENERAL

For all the flights, for which the Passenger purchases a Ticket, the Passenger is bound by the conditions on the Ticket, the present General Conditions of Carriage of Passengers and Baggage as well as any and all rules and regulations published by the Carrier, especially including the Conditions of Carriage.

The Carrier reserves the right to unilaterally amend the General Conditions of Carriage, the Ticket and the Conditions of Carriage as well as any other term related to carriage.

2.2 U.S. AND CANADIAN SHIPMENTS

2.2.1 CARRIAGE TO/FROM CANADA/USA

The Conditions herein shall be applicable for carriage between the points inside Canada/the USA or to or from a point in Canada/the USA to the extent that they are in parallel with the regulations in force in Canada/the USA.

2.2.2 CARRIAGE TO OR FROM THE U.S.

The terms herein shall not be applicable for air carriage subject to the U.S. Federal Aviation Act of 1958.

2.3 PRIVATE PASSENGER AIRCRAFT CHARTERS

If the carriage takes place under a charter agreement, the conditions of the agreement for the charter of a private passenger aircraft shall prevail over the conditions contained herein. For carriage of baggage, the general conditions of baggage carriage as applicable for scheduled flights shall apply, unless stated otherwise in the charter agreement for a private passenger aircraft.

2.4 CODESHARE FLIGHT

In the event that a flight of one of the Carrier's codeshare partners is preferred, the flight may be operated by a carrier other than the Carrier specified on the Ticket. As the terms of service of such carrier shall mandatorily apply with respect to the matters related to the operation of the flight if the flight is operated by another carrier, the contractual terms of the operating carrier that differ from the present General Conditions of Carriage of Passengers and Baggage shall apply with respect to such matters. For any such matters, the Passenger needs to refer to the codeshare agreements page or the operating Carrier's own website. Considering that there may be differences with respect to especially the minimum check-in times; eligibility for carriage of infants, unaccompanied minors, passengers, who need assistance, pregnant women or passengers with special health conditions; carriage of pets; rejected takeoff; supply of oxygen cylinders on board; denied boarding and related compensation; baggage delivery; free baggage allowance; and liability limitations for lost baggage; all general conditions of carriage of the carrier concerned must be checked by the Passenger and such rules must be complied with.

In the case of a reservation with the Carrier, which includes a flight operated by one or more carriers, the Passenger shall be informed about the identity of the carrier operating the flight at the time of the reservation; and in case the Carrier to operate a certain flight is not yet known at the time of the reservation or in case of any changes to occur after the reservation takes place, then the Passenger shall be informed by not later than the time, when it becomes clear which Carrier will operate the flight. If the reservation is made through a channel that is not under the direct control of the Carrier (e.g. travel agencies and websites other than the Carrier's own websites), then it is the responsibility of such travel agencies and website operators, who enter into a contract with the Passenger, to inform the Passenger about the Carrier to operate the flight and any changes thereto. For reservations involving a Code Share Flight, the passenger must provide the correct contact information at the time of reservation to enable such information to be provided later on.

2.5 OVERRIDING LAW

Any terms as contained in or referred to in the present General Conditions of Carriage of Passengers and Baggage as well as the Conditions of Carriage shall apply to the extent that they are in conformity with the Constitution, international agreements, laws, decree laws, regulations and circulars in force. The invalidity of any of the terms contained in the General Conditions of Carriage of Passengers and Baggage and the Conditions of Carriage shall not affect the validity of the remaining terms.

ARTICLE 3

TICKET

3.1 GENERAL PROVISIONS

3.1.1 The Ticket is a presumption of the existence of a contract of carriage between the Carrier and the Passenger, whose name appears on the Ticket, until it is proven otherwise.

3.1.2 The carriage service shall be provided only to the Passenger named on the Ticket. The person purchasing the Ticket and/or the Passenger shall be responsible for ensuring that the Passenger identification information on the Ticket is correct. The Carrier reserves the right to check the Tickets and identity documents of the Passengers.

3.1.3 The Ticket, any rights attached thereto and any and all rights and obligations arising out of the contract of carriage between the Passenger and the Carrier are non-transferable. If a Ticket is presented by a person other than the person entitled to travel using it, the Carrier shall not be liable to the person entitled to travel using such Ticket if the Carrier carries the person who presented the Ticket in good faith.

3.1.4 The Carrier offers the Passengers Ticket categories divided into various fare classes. Different fare classes are granted different rights, entitlements and obligations. In this context, when purchasing a Ticket belonging to a particular fare class, the Passenger agrees and declares that the Passenger may only benefit from the rights and entitlements pertaining to such fare class, and may not benefit from the rights pertaining to higher wage classes. For example, the carriage of Baggage may be restricted for the fare class, to which the Passenger's Ticket belongs, or the Ticket may not be entitled to cancellation or change. The Passenger agrees to have purchased the Ticket by reviewing the rules for the fare class as provided to the Passenger. The conditions for refund and change of reservation for any such Ticket can be found in the fare conditions for the same.

3.2 VALIDITY PERIOD

Unless stated otherwise in the present General Conditions of Carriage of Passengers and Baggage or the Conditions of Carriage or the Ticket, the Ticket is valid for one year starting from the commencement of the journey or from the date of issue in case no part of the Ticket has been used. Requests for refund, cancellation and change, which are not communicated within the validity period of the ticket, shall not be acceptable.

3.2.1 EXTENSION OF VALIDITY

3.2.1.1 If the Passenger was not able to travel within the period of validity of the Ticket because the flight did not take place as the Carrier;

3.2.1.1 (a) cancelled a flight booked by the Passenger;

3.2.1.1 (b) cancelled carriage to the Passenger's place of departure or destination or Layover or Stopover;

3.2.1.1 (c) failed to operate the flight specified on the ticket,

3.2.1.1 (d) caused the Passenger to be unable to realize a transfer,

3.2.1.1 (e) introduced a different class of service,

3.2.1.1 (f) failed to provide the booked seat, then the period of validity of the Ticket shall be extended until the first flight of the Carrier, where it is possible to offer an available seat in the flight service class of the paid Ticket.

3.2.1.2 If the request of a Passenger with a Ticket for a reservation cannot be met by the Carrier within the validity period of the Ticket due to a lack of available space on the flight, the validity period of the Ticket shall be extended in accordance with these General Conditions of Carriage of Passengers and Baggage and the Conditions of Carriage.

3.2.1.3 If, within the validity period of the Ticket, the Passenger is unable to continue the journey due to an illness/a health condition that prevents the Passenger from flying after the start of the journey, the

Carrier shall extend the validity of the Ticket in respect of the remainder of the journey until the date on which the Passenger certifies readiness for the flight through a medical report or until the date of the first flight of the Carrier, for which an available seat can be provided in the class of service for that the Passenger has paid for. (However, there will be no extension unless such an extension has been agreed in advance by the Conditions of Carriage applicable to the fare paid by the Passenger.) If the Flight Coupons on the Ticket contain one or more Layover(s) or Stopover(s), the validity of such Ticket may not be extended for more than three months starting from the date as indicated on the medical report, subject to the Conditions of Carriage. In such cases, the Carrier shall also extend the validity period of the Tickets belonging to the immediate family members of the Passenger accompanying the Passenger, who needs assistance.

3.2.1.4 If the Passenger passes away during the journey, the Tickets of the persons accompanying the Passenger may be changed by waiving the condition for the shortest layover or by extending the validity period. If an immediate family member of a Passenger, who has started the journey, passes away, the Tickets of the Passenger and the Passenger's accompanying family members may be changed in the same way. Any such change shall be made immediately upon receipt of the valid death certificate, and such extension of validity may not exceed forty-five (45) days starting from the date of decease.

3.3 FLIGHT COUPON ORDER

3.3.1 The Carrier shall accept Flight Coupons only in accordance with the order of places of departure as indicated on the Ticket.

3.3.2 Flight Coupons may only be used in the respective order. When the Coupons are not used in the respective order, the Ticket loses its validity and may not be used. For example, if the Passenger does not use the departure part of a Ticket issued for a round trip, then the Passenger will not be able to return using such Ticket.

3.3.3 Each Flight Coupon reservation shall be accepted for carriage according to the date printed on the coupon and the service class of the flight. If Flight Coupons are issued without a reservation entry, a reservation shall be provided upon the Passenger's application, subject to the relevant fare conditions and availability of space on the requested flight.

3.4 BUSINESS NAME AND ADDRESS OF THE CARRIER

The business name of the carrier may be provided in abbreviated form on the Ticket. The departure airport provided in the "Carrier" field next to the first abbreviated business name of the Carrier on the Ticket shall be deemed to be the Carrier's address.

ARTICLE 4

FARES & CHARGES

4.1 GENERAL

The ticket fare is the consideration for carriage from the airport at the point of departure to the airport at the point of destination solely, excluding any additional service charges. Unless stated otherwise, the fare does not include ground transportation between airports and between the airport and city terminals and any expenses incurred by the Passenger after reaching the destination.

4.2 APPLICABLE FARES

Applicable fares are the fares advertised by or on behalf of the Carrier or those established in accordance with the Conditions of Carriage, even if they are not advertised. Subject to the Carrier's Rules and the instructions of the competent authorities, the applicable fare is the fare for the flight as of the date of commencement of carriage as provided for on the first Flight Coupon of the Ticket. If the collected fare is not the applicable fare, then the difference shall be paid by the Passenger on a case-by-case basis in accordance with the Conditions of Carriage.

4.3 ROUTE

Unless stipulated otherwise in the Conditions of Carriage, fares shall be charged only for the advertised routes. In case multiple routes are charged the same fare, the Passenger may select the route before the Ticket is issued.

4.4 TAXES, LEVIES AND FEES

Unless stipulated otherwise in the Ticket or the Conditions of Carriage, any taxes, levies or fees imposed by a competent authority or an airport operator in relation to the Passenger or on grounds of the Passenger's use of any service or facility shall be added on the advertised fares and expenses and shall be payable by the Passenger.

4.5 EXCHANGE RATE

Fares and charges may be paid in any currency that is acceptable to the Carrier. If the fare is paid in a currency other than the advertised currency, payment shall be made by the exchange rate as designated in the Ticket or the Conditions of Carriage. The Carrier may not be held responsible for any problems and claims allegedly caused by the method/means of payment used during the payment of the fare.

ARTICLE 5

RESERVATION

5.1 REQUESTS FOR RESERVATION

5.1.1 Requests for reservation shall not be confirmed unless they are entered as "accepted" by the Carrier or the Carrier's Authorized Agent.

5.1.2 It may be stipulated in the Conditions of Carriage or in the Ticket that the Ticket does not feature entitlement to change of reservation, cancellation or refund. By purchasing or reservation the Ticket, the person, who purchased or booked the same, agrees that the Ticket in question is not entitled to cancellation, refund or change. It will not be possible at a later stage to claim that the Ticket was inadvertently purchased without the entitlement to change, refund or cancellation. The Passenger shall be liable to pay an additional fee for the transactions that the Passenger wishes to perform on these Tickets.

5.2 TIME LIMITATION FOR TICKETING

If the Passenger fails to pay the Ticket fare within the given Ticketing period, then the Carrier may cancel the reservation.

5.3 PERSONAL DATA

Personal data of passengers are collected, processed and transferred by the Carrier for the purposes and the scope as specified in the Notice on the Protection and Processing of Personal Data (<https://www.turkishairlines.com/en-tr/legal-notice/privacy-policy/index.html>).

5.4 SEATING ON BOARD

The Carrier does not undertake to allocate a specific seat on board. The Passenger accepts a seat that can be allocated to the Passenger on the flight according to the service class, for which the Ticket is issued. Even when a paid seat is selected, the Carrier reserves the right to change the Passenger's seat for security or operational reasons, before or even during the flight.

5.5 FAILURE TO USE THE BOOKED SEAT

If the booked seat is not used, the Passenger may be charged a service fee in accordance with the Ticket or the Carrier's Rules.

5.6 CANCELED RESERVATION

If the Passenger fails to make use of a reservation and to inform the Carrier, the Carrier may cancel or request the cancellation of any outbound or return reservation for the subsequent leg of the route. In such a case, the Passenger may not claim a refund or compensation from the Carrier.

ARTICLE 6

CHECK-IN

The time to be ready at the airport in advance of the flight time and the time that the boarding process varies for each airport. It is the passenger's responsibility to be at the airport on time in order to complete the boarding procedures within the given time. The Passenger must arrive at the place, where the Carrier has initiated the boarding procedures, and the boarding gate in advance, and must complete the boarding procedures within the designated minimum application time, and must have received the printed or mobile boarding pass in order to then apply at the boarding gate. It is not sufficient for the passenger to board just to have a printed or mobile boarding pass. If the Passenger arrives at the place, where the Carrier initiates the boarding procedures, and fails to receive the printed or mobile boarding pass within the minimum application period, or to apply to the boarding gate, or to produce the necessary documents for the journey, or if the Passenger is not ready for the journey, the Carrier cancels the seat reserved for the Passenger and denies boarding for the Passenger. The Carrier shall not be liable for any costs or damages arising out of the Passenger's failure to comply with the terms of this article.

ARTICLE 7

LIMITATIONS AND REFUSAL OF CARRIAGE

i.1 THE RIGHT TO DENY BOARDING

The Carrier has the right to deny boarding for the Passenger and the Passenger's baggage, and even if the Carrier has already accepted the Passenger and the Passenger's baggage, the Carrier shall still have the right to remove the Passenger and the Passenger's baggage from the plane:

- i on grounds of the reasons listed in articles 7 and 11 of these General Conditions of Carriage of Passengers and Baggage, or
- ii under the Secure Passenger Tracking System within the scope of the Conditions of Carriage or if the Passenger is included in the list of unruly passengers of the Carrier and Carrier's affiliate; or
- iii in order to comply with any legal requirements, to fulfill the orders and instructions of the competent authorities; or
- iv in order to take the necessary measures to prevent deterioration of the public order; to ensure safety and security; or
- v if the Passenger has previously behaved in a manner to disrupt the order during any flight of the Carrier, the Carrier's subsidiary or any other airlines; or
- vi in order to ensure flight safety, to duly observe national and international security measures, international sanctions, legal arrangements, export controls and actual practices of the country of departure and destination, and the countries, where any transfer or transit or layover/stopover shall take place, or the countries to be flown over/whose airspace shall be used, and the surrounding destinations; or

in any other case, where it is not reasonable to expect the Carrier to allow the passenger to board.

The Passenger may not claim any compensation from the Carrier because carriage did not take place.

The Passengers within this scope shall not be sold Tickets; and in cases, where the Ticket has been purchased despite the prohibition requiring denial of boarding, the Ticket shall be refunded, provided that the Ticket is valid and is duly issued, and the Passenger shall not be entitled to any further compensation.

Below are some cases, where the Carrier may exercise such discretion, provided for illustrative purposes only; and such authorization of the Carrier is not limited to the following:

8.1.2 The Passenger undertakes not to accept Baggage of any other Passengers or third parties, and not to travel with Baggage entrusted by a third party.

8.1.3 The Passenger hereby agrees and undertakes that the contents of the Passenger's Baggage shall not cause harm for the Baggage of other Passengers and the Carrier's aircraft. The Passenger is responsible for ensuring that the Baggage is packed in a manner not to cause harm for other Baggage, other Passengers and the aircraft. In case the Passenger is in default of such liability, any damages to arise shall be immediately compensated by the Passenger.

8.1.4 The Carrier shall not be liable for any damage to Baggage with sensitive, perishable or fragile content during carriage, for any damage caused thereby for other Baggage, Passengers and the aircraft, as well as for any damages suffered or caused by the items as referred to in clause 8.2.

the Passenger agrees with all the provisions and conditions relating to baggage, along with any limitations in the present General Conditions of Carriage of Passengers and Baggage.
